

CleanRiver is committed to continuous improvement and will provide you with innovative industry leading products like the Transition® system, to empower you to reach your sustainability goals.

CleanRiver® CleanQuote is a promise to customers that we will always operate in an ethical and transparent manner.

- CleanRiver provides customized product renderings at no charge which can be used freely for competitive bid development without risk of copyright infringement.
- CleanRiver operates a full transparency policy; there are no hidden fees, export taxes or duties. What we quote is what you pay.
- CleanRiver will provide recycling solutions that are designed to achieve your sustainability goals. Not our sales targets.
- CleanRiver will share 25 years of industry expertise to help you implement the most effective recycling program possible.
- To protect you from potential administration delays, we'll remind you of the tender process if your recycling bin purchase exceeds your institution's threshold.
- All CleanRiver products are manufactured in North America.
