

LEANSTREAM™

AVAILABLE CAPACITY IN GALLONS 23G

LEANSTREAM™ RECYCLING / WASTE CONTAINER

Connect and collect with a waste and recycling system that's high on impact and low on cost.

The LeanStream is versatile and compact with the same easy-to-use, high-quality functions and features of more expensive waste stream products. The LeanStream easily adapts to your facility's needs – whether you're looking to start a waste diversion program or supplement a mandated recycling program.

MATERIAL

- HDPE Plastic Blow Mold (Storm Gray Only)
- Post Consumer Recycled Plastic (Black Only)

COLORS

INCLUDED

- 3 Standard Opening Shapes
- Standard Graphics
- 2 standard colors

OPTIONAL

- Custom Opening Shapes
- Custom Graphics

OPENING SHAPES

Faster Servicing

Bins designed with your custodial team in mind, are easier to open, faster to service and include convenient ergonomic details your staff will love.

Cleaner Streams

Receptacles with the right-sized openings based on what you're collecting keep waste from flowing into the wrong streams.

Sustainable Materials

Bins made of PCR recycled plastic (with recycled materials diverted from landfills) are not only durable and easy to maintain—they're simply better for the environment.
