

THE CITYSCAPE

REACHING THE HORIZONS OF ZERO WASTE THROUGHOUT THE CITY

THE CITYSCAPE BIN

Built tough for any climate, the CityScape Bin combines durability with style. Quick-swap poster panels let you promote your program and create ad revenue, while side-service doors make maintenance fast and simple. A proven 70-gallon solution that delivers resilience, visibility, and value.

CITYSCAPE

RECYCLING / WASTE CONTAINER

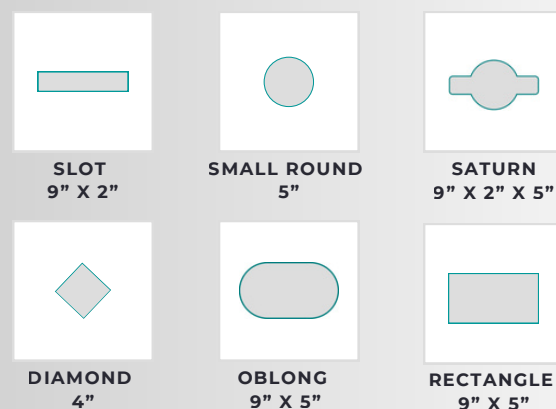

ENGINEERED FOR OUTDOOR PERFORMANCE

- **Built Tough** – Designed to withstand the harshest climates, ensuring long-lasting durability.
- **Dual Poster Panels** – Two large, quick-swap advertising panels maximize visibility and create a new revenue stream.
- **Promote & Profit** – Showcase your sustainability program while generating advertising income at the same time.
- **Efficient Maintenance** – Side-service doors make cleaning and servicing faster, safer, and more convenient for crews.
- **Proven Reliability** – A streetscape solution that combines resilience, visibility, and revenue-generation in one streamlined design.
